Education

Vivekanand Education Society's Institute of Technology
B.E in Information Technology

Mumbai, India
Nov. 2022 – May 2026

Bio

Aspiring Software Engineer pursuing a Bachelor of Technology with a strong foundation in programming and problem-solving. Climbed to a competitive rank of 1.21M on LeetCode within just 26 days, demonstrating passion for coding and continuous improvement. Outside academics, I am an avid photographer, leveraging creativity in diverse pursuits. Dedicated to learning and excelling in technical challenges while exploring innovative solutions.

Projects

Personal Finance Management Tool

Web Development, Machine Learning

- Built a predictive tool using **RandomForestRegressor**, tracking user expenses and optimizing budgets.
- Designed dashboards with **Flask** and **ReactJS**.
- Achieved 85% forecasting accuracy, empowering smarter financial decisions.

Internship Platform

Web Development

- Developed a quiz platform using the **MERN stack** with real-time leaderboards for competitive learning.
- Ranked **Top 6** at Invictus Hackathon for innovation and responsive design.
- Enhanced cross-device compatibility using **Tailwind CSS**, creating responsive UI.

Technical Skills

Programming: Python, JavaScript, C++, Java

Frameworks: ReactJS, Flask, ExpressJS

Tools: scikit-learn, Git, REST APIs, Tailwind CSS

Databases: MongoDB, SQL, Firebase
